

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE.

THE KANSAS STATE LIBRARY is primarily a law-book library. It was instituted for the purpose of placing such information within easy reach of the state judiciary and the legislative branch of the government as would equip them for the highest and most intelligent service to the state.

The justices of the supreme court are the directors of the library, and by their carefully considered regulations the legal fraternity of the state is enabled to use the books and records for consultation.

The legal profession is one of broad scope, requiring the widest knowledge of facts in all lines of literature and life; hence, in addition to works on law and jurisprudence, a reference department of miscellaneous books has been gradually built up which now numbers several thousand volumes. These books are not herein catalogued, but may be consulted by means of the card catalogue in the miscellaneous department.

The Kansas State Library is also a United States depository for all public documents and records issued by Congress and by the several departments of the United States government.

There is a department of medical books, donated and endowed by Mrs. Jane C. Stormont; and also a traveling library department, from which collections of books are loaned to communities throughout the state.

The librarian desires to express appreciation of the catalogue of the Indiana state law library, the arrangement of which she has adopted, esteeming it superior to and better adapted to our own collection than that of any other law library catalogue examined.

The law text-books are also catalogued in the card catalogue, by means of which they are kept down to date.

TOPEKA, FEBRUARY 1902.

Law Terms.

The law terms were originally timed by the church festivals from which they take their names.

By act 1, William IV, it was provided that in A. D. 1831, and afterwards, the terms shall commence and end as follows:

Hilary term.....	Jan. 11 to Jan. 31.
Paschal or Eastern term.....	April 15 to May 8.
Trinity term.....	May 22 to June 12.
Michaelmas term.....	Nov. 2 to Nov. 25.

By the judicature act of 1873, the terms above mentioned have been abolished as to the administration of justice.

"The division of the legal year into terms shall be abolished, so far as relates to the administration of justice; and there shall no longer be terms applicable to any sitting or business of the high court of justice, or of the court of appeal, or of any commissioners to whom any jurisdiction may be assigned under this act, but in all other cases in which, under the law now existing, the terms into which the legal year is divided are used as a measure for determining the time at or within which any act is required to be done, the same may continue to be referred to for the same or the like purpose, unless and until provision is otherwise made by any lawful authority."—[Judicature Acts, 1873—"75, p. 28.]

REPORTS.

The Law Reports.

The publication of the Law Reports was commenced in 1866, under the direction of an "Incorporated Council of Law Reporting." They were first bound, as indicated in the first table of the Law Reports, under eleven different titles; but, in 1875, the arrangement of the reports was changed. The cases included under the three titles, "English and Irish Appeal Cases," "Scotch and Divorce Appeal Cases," and "Privy Council Appeals," were thereafter published under the title "Appeal Cases"; the cases included under the titles "Chancery Appeal Cases" and "Equity Cases" were published under the title, "Chancery Division"; the cases included under the titles "Crown Cases Reserved" and "Queen's Bench" were published under the title "Queen's Bench Division"; the cases included under the titles "Admiralty and Ecclesiastical" and "Probate and Divorce" were published under the title "Probate Division"; "Common Pleas" was continued as "Common Pleas Division," and "Exchequer" as "Exchequer Division." This left the Law Reports in six divisions, and they continued to be so published until 1880, when, after the publication of volume 5, "Common Pleas Division," and volume 5, "Exchequer Division," these two divisions were merged in the "Queen's Bench Division." This mode of citation continued to 1891, the last volume of each series being as follows: App. Cases, 15; Q. B. Div. 25; Ch. Div. 45; and Prob. Div. 15. Beginning with 1891, the four series are cited by years, as follows: (1891) App. Cases; (1891) Q. B.; (1891) Ch., and (1891) Prob., and so on, the continuous volume number having ceased with 1890, or the number above indicated. Beginning with the Law Reports (1866), the better way to cite the English reports in this country is to place "L. R." before the citation.

Thus: "L. R. 15 App. Cas.," "L. R. 25 Q. B. Div.," "L. R. 45 Ch. Div.," "L. R. 15 Prob. Div.," "L. R. (1891) App. Cas.," "L. R. (1891) 1 (or 2) Q. B.," "L. R. (1891) 1 (2 or 3) Ch.," "L. R. (1891) Prob.," or as the volume prior to 1891, or the year since 1891, may be.
